Major Vehicle Accident at Preston Road and US-380

FRISCO, TX – The Frisco Police Department responded to the intersection of Preston Road and US-380 at approximately 1:11 p.m. this afternoon regarding a major vehicle accident with extrication. Accident investigators arrived on-scene and determined that a 2007 Chevy G30 van belonging to Carter Blood Care was lying on its side after having been struck in the intersection by a 1999 Dodge pick-up truck.

Frisco Fire Department personnel also responded to the scene and were able to successfully extricate the seven adult passengers of the Carter Blood Care van. All seven passengers of the van were transported to area hospitals with non-life threatening injuries. Two of the transported passengers were taken by CareFlight while the other five were transported by ground ambulance. The adult driver of the Dodge pick-up truck was not injured and was the only occupant of that vehicle.

Accident investigators with this agency determined through their investigation that the Chevy van was traveling eastbound on US-380 and was attempting to turn northbound onto Preston Road. The van entered the intersection to turn northbound on an unprotected green light and was struck by the Dodge pick-up truck, which was traveling westbound on US-380. The Dodge pick-up truck was proceeding through the intersection on a green light.

The driver of the Chevy van was issued a citation for Failure to Yield the Right of Way (Left Turn).

No further information available for release at this time. Please direct all future inquiries to this agency and refer to call for service number 09-094996.
